

Dear Pleasant Hill families,

Welcome to the great month of February! We have been working extremely hard since returning from winter break and have had four solid weeks of instruction under our belt in the new year of 2019. We have moved into 6 new classrooms since the New Year started and in the month of February we will have 3 more classrooms and a new art room and library. Students and staff have worked so hard regardless of the changes and I am grateful.

Students and teachers in grades 3-5 will start ILEARN which is the replacement of ISTEP in the month of April and students in 3rd grade will take IREAD the week of March 18th. Thankfully we only have one round of state testing this year compared to years prior when we have had two rounds to complete. Please continue to support your child and their attendance as we work our way through the second half of the school year. Each day counts!

* Students will not have school on Monday, February 19th and February 22nd (snow make-up days).

* Parent/Teacher conferences will be February 27- March 1st.

Your friend in education,

Anthony Tharp
Principal
